

# DEMAND

# THE BEST

*Need a fuel filter for a Mercedes-Benz?  
The MAHLE Original® brand filter  
offers superior filtration!*

*Why choose the MAHLE Original® fuel filter KL228/2D?*

- MAHLE Original filters feature OE design, materials and performance
- Construction using superior embossed and pleated filter media offers a higher dirt-holding capacity
- Dual rubber seal rings between the filter element and housing ensure a consistent seal establishing consistent separation between the filtered and unfiltered sides (inlet and outlet)
- Patented water filtration design – the particulate filter collects even the finest water droplets
- Robust structural design provides superior strength & rigidity

*Compare the MAHLE Original brand element against filter brands “A” and “B”. When it comes to original equipment form, fit and function, Demand the Best – Demand MAHLE Original filters!*

**MAHLE Original®**

**Other Brand A**

**Other Brand B**

KL228/2D fits 8 different Mercedes-Benz models: E320, GL320, GL350, ML320, ML350, R320, R350, and Vito.
