MAHLE honored as NEXUS Supplier of the Year 2023

- MAHLE receives NEXUS top award in the Heavy-Duty Category
- Recognition for cooperation and strong customer focus
- NEXUS Alliance celebrates 10th anniversary

NEXUS Automotive International, a global alliance of leading parts dealers in the automotive aftermarket, awards MAHLE as NEXUS Supplier of the Year 2023 in the Heavy-Duty Category. This award acknowledges the commitment of MAHLE to first-class customer service and highlights its importance in the global automotive aftermarket community. The recognition reflects the strong partnership with NEXUS and the joint commitment to innovation and high quality in the automotive industry.

NEXUS Automotive International, awards MAHLE as Supplier of the Year 2023 in the Heavy-Duty Category.

NEXUS not only honors the contribution of MAHLE to excellence but also the company's ability to exceed customer satisfactions and deliver high-quality products and services. The collaborative approach of MAHLE, aiming for continuous improvement with NEXUS and its customers, has significantly contributed to this success.

"We are honored to receive this award. It reflects our team's dedication and hard work in delivering exceptional service to our customers. We will continue to push the boundaries of automotive technology and sustainability to meet the evolving needs of the industry," emphasized Philipp Grosse Kleimann, Member of the MAHLE Management Committee and Head of the Aftermarket business unit.

This year NEXUS celebrates its 10th anniversary. This community includes over 456 distributor members, 2,251 wholesale distributors, and 9,055 retail stores in 139 countries, linked by partnerships with more than 90 global automotive suppliers.

About MAHLE

MAHLE is a leading international development partner and supplier to the automotive industry with customers in both passenger car and commercial vehicle sectors. Founded in 1920, the technology group is working on the climate-neutral mobility of tomorrow, with a focus on the strategic areas of electrification and thermal management as well as further technology fields to reduce CO2 emissions, such as fuel cells or highly efficient combustion engines that also run on hydrogen or synthetic fuels. Today, one in every two vehicles globally is equipped with MAHLE components.

MAHLE generated sales of more than EUR 12 billion in 2022. The company is represented with approx. 72,000 employees at 152 production locations and 12 major research and development centers in more than 30 countries. (as of 31.12.2022)

About MAHLE Aftermarket

MAHLE Aftermarket, the business unit specializing in spare parts, uses the expertise from original equipment series production for its product range and supplies partners in trade, workshops, and engine repair shops. The products developed by the MAHLE Service Solutions business segment for workshop equipment, as well as comprehensive services and individual training offers, round out the offer. MAHLE Aftermarket operates out of 25 locations around the world and has additional sales offices with almost 2,000 employees. In 2021, the business unit recorded a sales volume of around EUR 1.2 billion globally. (as of 31.12.2022)
