

WHO WE ARE:

“Quality Guaranteed by MAHLE” is the backbone of every product in the MAHLE Aftermarket offering.

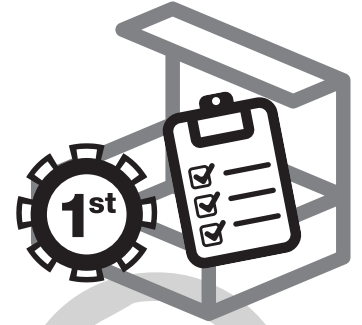

BRAND CHANGE:

For decades, MAHLE Aftermarket worked to bring gaskets to the independent aftermarket under the Victor Reinz brand (licensed from Dana). As of November 2016, gaskets sold by MAHLE are branded MAHLE Original – **the only thing that changed is the box.**

E-LEARNING:

Check out the newest MAHLE Original Gaskets training at <http://elearning.mahle.com>

Learn why MAHLE is the Original Choice in OE Sealing Solutions

Find out why a ‘Snap Test’ is important to show product quality and why OE Form, Fit & Function is so important
