Update  
05/2025

## Fully charged

Around 60 new thermal management parts for commercial vehicles

**BEHR**<sup>®</sup>

# Everything you need to get things running smoothly

*Long distances, heavy loads, high mileage, and long working hours: commercial vehicles are subjected to extreme stresses and strains.*

To function cost-effectively, with low emissions, and above all, reliably, even under challenging climatic and geographical conditions, they need parts and components that are able to cope with these demands.

## Delivering reliability with more than 900 parts

As an original equipment manufacturer for global automobile and commercial vehicle manufacturers, we have built up comprehensive OE expertise and a wealth of specialized commercial vehicle knowledge over more than 100 years. This expertise also benefits our aftermarket portfolio for commercial vehicles, which we've significantly expanded since 2023. In recent months, almost 60 new thermal management parts have been added to our range, giving you access to more than 900 commercial vehicle parts in MAHLE's proven quality.

Find the best parts faster using the  
MAHLE Aftermarket Catalog.

## New to the commercial vehicle range

MAHLE reference no.	Product category	Brand	Vehicle model	OE number*	PREMIUM LINE OE Quality	Produced by
AB 140 000S	Interior blowers	Iveco	Powerstar, Stralis	42538756; 42553953; 0000042553953
