

MAHLE BRAND POWER MAHLE ORIGINAL BECOMES MAHLE

MAHLE BRAND WORLD

THE STRONG GLOBAL BRAND

If it says MAHLE on the outside, it's got the original on the inside. That's why, beginning in 2019, our global sales brand will become simply MAHLE.

BRANDS AT A GLANCE

MAHLE Aftermarket unites seven strong brands that are synonymous with innovation and uncompromising quality—on a global and regional basis.

MAHLE®

Throughout the world, the MAHLE brand stands for spare parts in original equipment quality along the entire powertrain, covering engine components, filters, engine cooling and air conditioning, starter motors and alternators, workshop equipment, control and power electronics, and spare parts for classic vehicles.

BEHR®

BEHR is the global expert in engine cooling and vehicle air conditioning. The BEHR brand offers thermostats, thermal switches, and thermocouples to the automotive maintenance and repair market.

BRAIN BEE is the European expert in workshop equipment—from exhaust emission equipment and diagnostics to A/C service units.

CLEVITE is one of the most tradition-steeped brands for engine components in U.S. commercial vehicle, construction, and agricultural machinery applications.

IZUMI is the brand for Japanese commercial vehicle and off-road applications and a long-term member of the MAHLE brand family.

KNECHT FILTER is the European filtration specialist—a renowned brand with a strong customer commitment that has been part of the MAHLE brand family for decades.

In South America, the METAL LEVE brand stands for MAHLE's innovative and high-quality product range, as well as its outstanding service.
