

Detroit® DD15®: Gen 1, Gen 2, and Gen 3 Engine Kits

When many suppliers say they offer engine kits, all they are doing is packing parts in a box. On the other hand, MAHLE Lifecycle and Mobility makes a commitment to support engine kits with the same dedication as every single component it sells. This commitment ensures that every component works together as a complete system—not merely bundled for convenience—as demonstrated in the MAHLE DD15 engine kit offerings for the 14.8L Detroit® DD15® Gen 1, Gen 2, and Gen 3 engines.

Gen 1: 468-5154 STD

Part #	Qty	Description	OE Number
224-3986	6	Piston	A4720370201
226-4646	6	Liner	A4720111810
