# *Filtration Perfected*

means...

## UNCOMPROMISED QUALITY

The highest quality filter media in the industry along with steel and rubber where other manufacturers use cardboard or plastic.

## EXCELLENCE IN INNOVATION

Consistently developing new products, systems, and materials – combined with the ability to optimize production processes and logistics for superior filter products in every application.

## REDEFINING ORIGINAL EQUIPMENT

Working with the world's top OE manufacturers on the initial filtration system design means that MAHLE can not only meet the OE standard – MAHLE **creates** the OE standard.

## SUPERIOR TECHNOLOGY

In-house research and development gives MAHLE the ability to quickly adapt to ever expanding technical and economic demands. The MAHLE focus on technology has always been the cornerstone of creating the most advanced automotive product line in the world.
