

MAHLE®

Medium Duty Diesel

Product Listing

BEHR® **CLEVITE®** **MAHLE®**

Medium-duty diesel engines work every day at the center of demanding operations. These engines must deliver consistent power, long service life, and reliable performance under variable loads, long hours, and tough operating environments. Our product offering is engineered to support that level of durability.

This brochure showcases our complete range of high-quality replacement components designed specifically for medium-duty diesel engines. Inside, you'll find:

MAHLE® Pistons & Piston Rings

Precision-engineered for optimal combustion efficiency, reduced friction, and long-term durability—helping maintain engine power and fuel economy.

CLEVITE® Engine Bearings

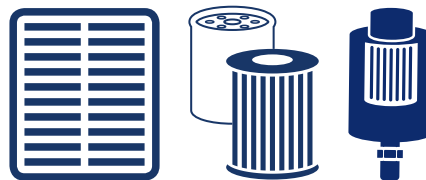

Manufactured to tight tolerances and premium material standards to support crankshaft stability, reduce wear, and extend engine life.

MAHLE® Gaskets & Sealing Solutions

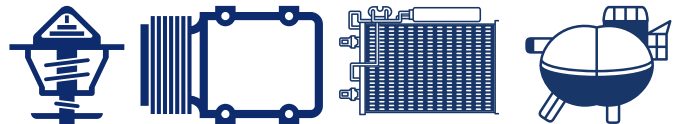

Comprehensive coverage of critical sealing components that help prevent leaks, maintain compression, and ensure dependable engine performance.

MAHLE® Filters

A selection of fuel, oil, and air filtration products designed to protect engines from contaminants and maintain clean, efficient operation.

BEHR® Engine Cooling & A/C Products

Engine cooling and air conditioning components—including radiators, compressors, condensers, thermostats, and related parts—engineered to regulate operating temperatures and keep vehicles running at peak performance in all conditions.

The MAHLE Quality promise

MAHLE delivers reliability you can trust—built on carefully selected suppliers, rigorous 100% final product inspections, and strict adherence to global safety and quality standards. With robust traceability and

a commitment to continuous improvement, MAHLE ensures every component meets the highest expectations for performance and dependability.
