MAHLE

Rocker cover gasket 6.0L Duramax Engines

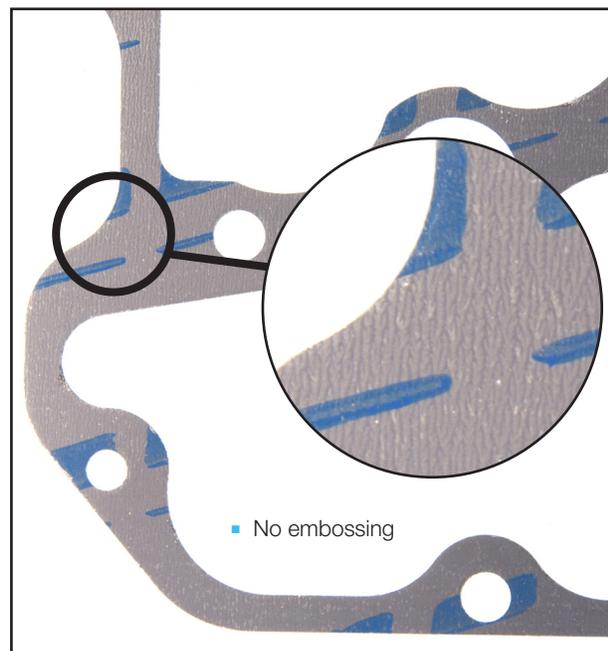

What you see is what you get – MAHLE® gaskets ARE OE quality! OE Duramax diesel rocker cover gaskets use rubber coated single-layer stainless steel with embossment which concentrates the sealing load to prevent leaks.

MAHLE

The MAHLE rocker cover gasket has OE form, fit & function utilizing the same style rubber coated single-layer stainless steel with embossment... delivering the same performance as the original!

COMPETITOR

The competitor uses a simple graphite material without embossment.
