

Ford 3.5L Ecoboost® Valve Cover Gasket Sets

OE-Matched Sealing Solutions for Lasting Leak Repair

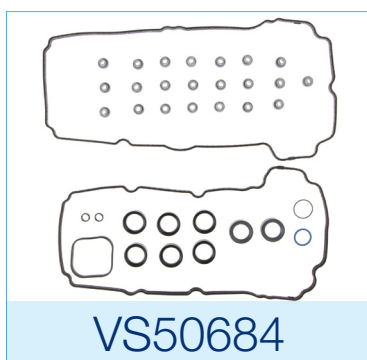

As Ford 3.5L EcoBoost® engines accumulate mileage, repeated heat cycles can cause the original valve cover gaskets and seals to harden and lose their sealing capability. This often leads to oil seepage around valve covers and related upper engine components.

MAHLE® valve cover gasket sets provide a complete, OE-quality repair solution designed to restore proper sealing, reduce installation time, and help technicians perform the job right the first time.

Qty	Description
2	Valve cover gaskets
4	Vct solenoid seals
4	Fuel pump gaskets (engine mounted)
6	Spark plug tube seals
1	Vacuum pump gasket
22	Valve cover grommets

Qty	Description
2	Valve cover gaskets
2	Camshaft (vct) solenoid seals
4	Fuel pump gaskets (engine mounted)
6	Spark plug tube seals
1	Vent tube o-ring
22	Valve cover grommets

Why Choose MAHLE Gaskets?

- + OE quality form, fit, and function
- + Complete kits designed for efficient repairs
- + Premium materials built to withstand engine heat cycles
- + Coverage for critical upper engine sealing components
- + Trusted global leader in engine sealing technology
