## MAHLE CareMetix® cabin air filters

- Engineered with S5 broadband technology to provide drivers and passengers with five layers of protection
- Improves air circulation and eliminates harmful toxins from entering the vehicle

Engineered with S5 broadband technology to provide drivers and passengers with five layers of protection, MAHLE CareMetix® cabin air filters eliminate any source of unpleasant and harmful odors from entering the vehicle such as pungent or acrid ammonia and sulfur gases. They even protect against microparticles and diesel soot and shield sensitive components in the air conditioning system from experiencing premature wear.

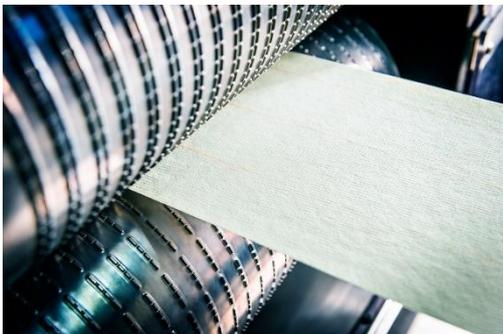

Whether driving through a congested traffic jam; off-roading in the Utah deserts; or stuck at a standstill due to road construction; MAHLE CareMetix® cabin air filters provide dependable performance and make an essential contribution to the well-being of all vehicle occupants.
