From Grand Prize Mustang Ceremony to Training Sessions at the New Mobility Park, MAHLE Plans Full Schedule for AAPEX 2017

Farmington Hills, Mich., October 23, 2017 – MAHLE Aftermarket Inc. and MAHLE Service Solutions will be holding a number of events and training sessions at this year's Automotive Aftermarket Product Expo (AAPEX) in Las Vegas.

The activities will commence on the first day, October 31st, with a press conference at 10:30 am at the MAHLE Aftermarket booth, #2661. At 4pm, the "Drive With the Original" Technician Promotion Grand Prize, a custom-built Petty's Garage Ford Mustang, will be given away.

MAHLE Aftermarket and MAHLE Service Solutions will both be holding training sessions at the new outdoor Mobility Park at AAPEX 2017. The Mobility Park will be located behind the Sands Expo in the LINQ parking lot.

MAHLE Service Solutions will feature diagnostic guru Donny Seyfer, an ASE Master Technician and owner of Seyfer Automotive. Seyfer will demonstrate the latest scan tool technology, as well as proper procedures for underhood diagnostic work to keep automotive professionals ahead of the curve.

MAHLE Aftermarket will hold training sessions on gasket technology and troubleshooting. MAHLE Original[®] gasket experts Bill McKnight and Tim Golema will share installation tips and advice on selection of the proper gasket.

The schedule for the MAHLE sessions at Mobility Park is as follows:

About MAHLE Aftermarket

MAHLE Aftermarket, the business unit specializing in spare parts, uses the expertise from the series production of original equipment in its automotive aftermarket product range, and supplies trade, repair shop and engine repair partners. MAHLE Aftermarket is represented at 22 locations and other sales offices worldwide, with 1,555 employees. In 2016, the business unit achieved a global sales volume of EUR 899 million (USD 946 million).

About MAHLE Service Solutions

MAHLE Aftermarket Inc., Service Solutions division specializes in the development, manufacturing and distribution of automotive services, tools and maintenance equipment, including vehicle diagnostics, air conditioning service, fluid exchange and nitrogen tire inflation systems. Formerly known as RTI Technologies, MAHLE Service Solutions continues its legacy of building shop equipment for the most stringent OEM and aftermarket needs. Along with this expertise, MAHLE Service Solutions combines the know-how of MAHLE Behr with automotive thermal management and MAHLE Powertrain with automotive test systems. Each of these three entities have more than 25 years of R&D and technology deployment experience providing advanced solutions for OE manufacturers.

In addition to the high-quality products offered through its Service Solutions division, MAHLE Aftermarket provides a comprehensive and well-developed service network to ensure quick and professional technical support and training for repair shops. For more information about MAHLE Aftermarket Service Solutions, visit www.servicesolutions.mahle.com.
