

MAHLE Aftermarket Inc. Releases 2018 MAHLE Clevite Engine Bearing Catalog for Automotive Aftermarket Customers

Farmington Hills, Mich., Feb 14, 2018 – MAHLE Aftermarket Inc. recently announced the release of its 2018 Clevite engine bearing catalog for Asian, European and domestic light vehicle applications in North America.

The Clevite engine bearing catalog features over 4,000 SKUs, including new OE replacement, polymer-coated bearings. The 2018 catalog provides coverage for over 1.1 million light vehicle applications, reaching back to the 1940s.

“Clevite bearings have set the standard for excellence since the earliest days of the automotive industry,” said Jon Douglas, general manager, MAHLE Aftermarket North America. “Every NASCAR champion has used Clevite bearings, which is reflective of the trust professional engine builders put in our quality.”

The catalog can be downloaded in PDF format on www.mahle-aftermarket.com. The part numbers contained in this new catalog are also available in the eCatalog online at catalog.mahle-aftermarket.com/na, where the application can be searched by product, vehicle make and engine. The catalog is written in English, with French and Spanish translations available.

About MAHLE

MAHLE is a leading international development partner and supplier to the automotive industry. With its products for combustion engines and their peripherals as well as solutions for electric vehicles, the group addresses

(more)

all the crucial issues related to the powertrain and air conditioning technology—from engine systems and components to filtration to thermal management. In 2016, the group generated sales of approximately EUR 12.3 billion (USD 12.9 billion) with around 77,000 employees and is represented in 34 countries with over 170 production locations.

About MAHLE Aftermarket

MAHLE Aftermarket, the business unit specializing in spare parts, uses the expertise from the series production of original equipment in its automotive aftermarket product range, and supplies trade, repair shop and engine repair partners. MAHLE Aftermarket is represented at 22 locations and other sales offices worldwide, with 1,555 employees. In 2016, the business unit achieved a global sales volume of EUR 899 million (USD 946 million).

About MAHLE Service Solutions

MAHLE Aftermarket Inc., Service Solutions division specializes in the development, manufacturing and distribution of automotive services, tools and maintenance equipment, including vehicle diagnostics, air conditioning service, fluid exchange and nitrogen tire inflation systems. Formerly known as RTI Technologies, MAHLE Service Solutions continues its legacy of building shop equipment for the most stringent OEM and aftermarket needs. Along with this expertise, MAHLE Service Solutions combines the know-how of MAHLE Behr with automotive thermal management and MAHLE Powertrain with automotive test systems. Each of these three entities have more than 25 years of R&D and technology deployment experience providing advanced solutions for OE manufacturers.

In addition to the high-quality products offered through its Service Solutions division, MAHLE Aftermarket provides a comprehensive and well-developed service network to ensure quick and professional technical support and training for repair shops.
