

Join Bogi from *All Girls Garage* for a MAHLE Aftermarket Facebook Live Event Discussing Engine Gasket Maintenance and Installation Tips for European Vehicles

Farmington Hills, Mich., August 1, 2017 – MAHLE Aftermarket will host its next Facebook Live event on Tuesday, August 8 at 8pm EDT – the second in a series of events intended to engage with and educate technicians. The event will feature shop owner and television personality Bogi Lateiner, co-host of Velocity channel's *All Girls Garage*, as well as MAHLE Original® gasket expert and training manager Bill McKnight.

Following the successful launch of the MAHLE Facebook Live event series in June (see [MAHLE Original Gasket Do's and Don'ts w/Bogi from Petty's Garage](#)), this next event will focus on gasket issues, including best practices in maintenance and installation tips for engines in European makes and models.

Facebook followers are encouraged to submit questions and topic suggestions in advance of the event. Bogi, along with Bill McKnight, will also address questions from live viewers in real time. Questions may be submitted in advance at the Facebook event page ([MAHLE Original Gasket Facebook Live with Bogi European Vehicles](#)) in the discussion section.

MAHLE Original gaskets match OE parts in form, fit and function, ensuring that the parts are designed and constructed to the same exacting standards as the gaskets that came on the car. MAHLE Original gasket sets include all the parts necessary for the technician to do the job correctly.

About MAHLE

MAHLE is a leading international development partner and supplier to the automotive industry. With its products for combustion engines and their peripherals as well as solutions for electric vehicles, the group addresses all the crucial issues related to the powertrain and air conditioning technology—from engine systems and components to filtration to thermal management. In 2016, the group generated sales of approximately EUR 12.3 billion (USD 12.9 billion) with around 77,000 employees and is represented in 34 countries with over 170 production locations.

About MAHLE Aftermarket

MAHLE Aftermarket, the business unit specializing in spare parts, uses the expertise from the series production of original equipment in its automotive aftermarket product range, and supplies trade, repair shop and engine repair partners. MAHLE Aftermarket is represented at 22 locations and other sales offices worldwide, with 1,555 employees. In 2016, the business unit achieved a global sales volume of EUR 899 million (USD 946 million).

About MAHLE Service Solutions

MAHLE Aftermarket Inc., Service Solutions division specializes in the development, manufacturing and distribution of automotive services, tools and maintenance equipment, including vehicle diagnostics, air conditioning service, fluid exchange and nitrogen tire inflation systems. Formerly known as RTI Technologies, MAHLE Service Solutions continues its legacy of building shop equipment for the most stringent OEM and aftermarket needs.
