

Enhancements from Petty's Garage Highlighted in the Latest MAHLE *Drive with the Original* "Mustang Build" YouTube Video

Farmington Hills, Mich., August 30, 2017 – The third video of the MAHLE *Drive with the Original* "Mustang Build" series has been posted to the MAHLE North America YouTube channel. The latest in the multi-part video series highlights the special aspects of the build that originated from the team of engineers at Petty's Garage.

The more notable enhancements implemented by the Petty's Garage team during the build include an upgraded exhaust system, a customized Petty's Garage suspension system, and an upgraded braking system. Additionally, the factory Ford six-speed transmission has been enhanced with a specialized clutch to handle the 1,000 horsepower, twin-turbocharged engine.

The video is available for viewing at the MAHLE Aftermarket YouTube Channel: http://bit.ly/mustang_build_vid3

"Petty's Garage has done an exceptional job at putting their stamp of excellence on the MAHLE Ford Mustang," said Jon Douglas, President of MAHLE Aftermarket Inc. "By doing so, the team at Petty's Garage has helped to make our first 'Drive with the Original' promotion a huge success."

There are a few remaining installments to come in the video series before the "Drive with the Original" promotion ends on October 1, 2017. Four finalists will be randomly selected from all entries to receive an all-expense paid trip for two to the 2017 Automotive Aftermarket Product Expo (AAPEX) in Las Vegas, taking place from October 31 to November 2, 2017. The "Original", Richard

About MAHLE Aftermarket

MAHLE Aftermarket, the business unit specializing in spare parts, uses the expertise from the series production of original equipment in its automotive aftermarket product range, and supplies trade, repair shop and engine repair partners. MAHLE Aftermarket is represented at 22 locations and other sales offices worldwide, with 1,555 employees. In 2016, the business unit achieved a global sales volume of EUR 899 million (USD 946 million).

About MAHLE Service Solutions

MAHLE Aftermarket Inc., Service Solutions division specializes in the development, manufacturing and distribution of automotive services, tools and maintenance equipment, including vehicle diagnostics, air conditioning service, fluid exchange and nitrogen tire inflation systems. Formerly known as RTI Technologies, MAHLE Service Solutions continues its legacy of building shop equipment for the most stringent OEM and aftermarket needs. Along with this expertise, MAHLE Service Solutions combines the know-how of MAHLE Behr with automotive thermal management and MAHLE Powertrain with automotive test systems. Each of these three entities have more than 25 years of R&D and technology deployment experience providing advanced solutions for OE manufacturers.

In addition to the high-quality products offered through its Service Solutions division, MAHLE Aftermarket provides a comprehensive and well-developed service network to ensure quick and professional technical support and training for repair shops. For more information about MAHLE Aftermarket Service Solutions, visit www.servicesolutions.mahle.com.
