

MAHLE Aftermarket 2019 “Drive With The Original” Technician Promotion Set to Launch with Custom Built MAHLE Dodge Challenger from Petty’s Garage as Grand Prize

Farmington Hills, Mich., February 21, 2019 – The launch of the 2019 MAHLE “Drive with the Original” Technician Promotion – featuring a one-of-a-kind 426 cubic-inch Hemi Dodge Challenger giveaway as grand prize – was announced at the Daytona 500. The car, to be built by Petty’s Garage, will be finished and tested in time to be awarded to the winner at the Automotive Aftermarket Product Expo (AAPEX) in Las Vegas, taking place from November 5 to 7, 2019.

“Last year’s “Drive with the Original” promotion received over 70,000 total entries and was a huge hit at AAPEX,” said Jon Douglas, General Manager, MAHLE Aftermarket North America. “We’re excited to again be partnering with Petty’s Garage and feel this year’s Dodge Challenger is going to be a real showcase for MAHLE gaskets, filters, pistons and rings, Clevite engine bearings, and MAHLE engine parts.”

This is the third year for the MAHLE “Drive with the Original” promotion. In 2017 the grand prize was a twin-turbo, 1,000 HP MAHLE 2017 Ford Mustang from Petty’s Garage. In 2018, MAHLE went back in time to offer a resto-mod 1968 Petty’s Garage Chevrolet Camaro RS as grand prize. This year the horsepower gets kicked up a notch as MAHLE and the Petty’s Garage Team look to approach 1,100 HP with the custom Challenger.

The “Drive with the Original” promotion will start on March 1, 2019 and run to October 1, 2019. Four finalists will be randomly selected from all entries to receive a trip for two to AAPEX in Las Vegas. The “Original,” Richard Petty, will be present when the

finalists each select a key from The King's signature Charlie One Horse hat – one of which will start the grand prize MAHLE Dodge Challenger from Petty's Garage.

In addition to the grand prize, hundreds of additional instant prizes will be awarded, including Richard Petty Driving Experiences, autographed Richard Petty signature Charlie One Horse cowboy hats and autographed #43 die-cast model cars.

Information on entering the "Drive With The Original" Promotion is available on specially marked MAHLE gasket boxes. Complete information about the "Drive with the Original" promotion, including official rules, terms and conditions, can be found at www.drivewiththeoriginal.com.

in its automotive aftermarket product range. The business unit supplies trade, workshop, and engine repair partners with products in original equipment quality; they range from engine parts and filters to engine peripheral components and engine cooling components. The product portfolio is supplemented by workshop equipment developed by the MAHLE Service Solutions division as well as comprehensive services, and customized training programs. The full extent of this expertise is found in the brands MAHLE ORIGINAL, BEHR, CLEVITE, IZUMI, KNECHT FILTER and METAL LEVE. MAHLE Aftermarket is represented with around 1,600 employees at 25 locations and other sales offices worldwide, including numerous logistics centers and regional offices. In 2017, the business unit achieved a global sales volume of EUR 956 million.

About MAHLE Service Solutions

MAHLE Aftermarket Inc., Service Solutions division specializes in the development, manufacturing and distribution of automotive services, tools and maintenance equipment, including vehicle diagnostics, air conditioning service, fluid exchange and nitrogen tire inflation systems. Formerly known as RTI Technologies, MAHLE Service Solutions continues its legacy of building shop equipment for the most stringent OEM and aftermarket needs. Along with this expertise, MAHLE Service Solutions combines the know-how of MAHLE Behr with automotive thermal management and MAHLE Powertrain with automotive test systems. Each of these three entities have more than 25 years of R&D and technology deployment experience providing advanced solutions for OE manufacturers.

In addition to the high-quality products offered through its Service Solutions division, MAHLE Aftermarket provides a comprehensive and well-developed service network to ensure quick and
