MAHLE Aftermarket Names Andreas Huber to Lead MAHLE Service Solutions

Farmington Hills, Mich. – October 7, 2015 – MAHLE Aftermarket Inc. has announced the appointment of Andreas Huber as general manager for MAHLE Service Solutions. Huber will report directly to MAHLE Aftermarket general manager Jon Douglas.

Huber will be based in Farmington Hills, Michigan, and responsible for MAHLE Service Solutions, which specializes in the development, manufacturing and distribution of automotive services, tools and maintenance equipment, including air conditioning service, fluid exchange and nitrogen tire inflation systems. This includes TechPRO®, a new diagnostic scan tool previewed at AAPEX 2014.

“Andreas brings strong leadership skills to his new role with MAHLE and a deep knowledge of the design, development and marketing of automotive diagnostic tools,” said Douglas. “He comes to us at a critical time as we develop our diagnostics portfolio and continue to provide shop equipment innovations to help technicians be even more productive.”

Before joining MAHLE Aftermarket, Huber was the director of system design and product management at Harman Becker. He spent nearly 13 years at Robert Bosch GmbH and Robert Bosch LLC where he served in a variety of engineering and business solutions roles.

“MAHLE has a worldwide presence that supports the technician segment with innovative tools and equipment,” said Huber. “It is an honor to join the division at this crucial time in the development of TechPRO, as we integrate diagnostics into the core offerings of the division.”

In addition to the high-quality products offered through its Service Solutions division, MAHLE Aftermarket provides a comprehensive and well-developed service network to ensure quick and professional technical support and training for repair shops.

About MAHLE
MAHLE is a leading international supplier to the automotive industry. With its products for combustion engines and their peripherals as well as solutions for electric vehicles, the group addresses all the crucial issues related to the powertrain and air conditioning technology—from engine systems and components to filtration to thermal management. In 2014, the group generated sales of EUR 9.94 billion ($11.13 million) with around 66,000 employees. Today, MAHLE is represented in over 30 countries with 170 production locations.

About MAHLE Aftermarket
The MAHLE Aftermarket business unit, specializing in spare parts and services, uses the expertise from the series production of original equipment in its automotive aftermarket product range and supplies trade, repair shop and engine repair partners; while the Aftermarket’s Service Solutions division provides products for the Tool & Equipment Industry to technicians and workshops around the world. MAHLE Aftermarket is represented at 22 locations worldwide, with 1,593 employees, and in 2014 generated sales of over $1 billion USD (EUR 836).
